

## ADDENDUM

DEVELOPMENT MANAGEMENT COMMITTEE  
DATE 10<sup>th</sup> July 2018

### Item 9 (2)

Hampshire Farm, Emsworth

Updated 9<sup>th</sup> July 2018.

---

#### Updates

A letter has been received from the Agent (attached) setting out their latest position. It should be noted that this sets out the applicants position that if Application 2 is approved they would wish to withdraw Applications 1 and 2.

Application 2 relates to:

*Variation of Section 106 Agreement dated 12 May 2011 associated with 10/74014/000, to extend the period to procure that the Community Facilities (doctors surgery and pharmacy) on the community facilities land for a further two years until 1st December 2019.*

### **6 Community Involvement**

Two further third party representations received:

Redland's Grange is not a suitable site for Emsworth Surgery due to it's poor transport links. Redland's Grange would be better suited for a community use.

Theo Schofield does not represent the people of Emsworth; no vote has been taken by the ERA.

Plans for the EVCH site were drawn up but have not been made public.

I would urge HBC to provide a proper enquiry into this issue.

One of the additional representations is from Mrs Farmer who will be making a deputation to Committee setting out her views.
