

Appendix A

Conditions relating to FULL planning permission for change of use, alterations to and extension of existing buildings to 20no. residential units, (13no. units in the main house and 7no. units in the other listed buildings) with associated landscaping, parking and amenity space.

1. The development must be begun not later than five years beginning with the date of this permission.

Reason: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. No work shall be undertaken on the site until measures have been agreed by the Local Planning Authority in writing (a method statement) for the protection of the listed structures from demolition and development on site to ensure both safety and stability. The measures shall be undertaken before any operations commence.

Reason: To ensure that the listed building's special interest is not damaged and having due regard to policies CS11 of the Havant Borough Local Plan (Core Strategy) 2011, DM20 of the Havant Borough Local Plan (Allocations) 2014 and the National Planning Policy Framework.

3. Construction of the buildings hereby permitted shall not commence until samples and details of all external roofing and external facing materials have been submitted to and approved in writing by the Local Planning Authority. Thereafter only such approved materials and finishes shall be used in carrying out the development.

Reason: In the interests of the amenities of the locality and having due regard to policies CS16 and DM9 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.

4. No development shall take place until finished floor levels for the proposed building(s) relative to agreed off-site datum point(s) have been submitted to and approved in writing by the Local Planning Authority. The development shall be undertaken in accordance with the approved details.

Reason: To ensure the appearance of the development is satisfactory and having due regard to policies CS11 and CS16 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.

5. No development hereby permitted shall commence until a specification of the materials to be used for the surfacing of all open parts of the site proposed to be hardsurfaced (including semi-permeable materials) and a programme for their phased implementation have first been submitted to and approved in writing by the Local Planning Authority. The development hereby permitted shall not be brought into use until the implementation of all such hardsurfacing has been completed in full accordance with that specification.

Reason: In the interests of the amenities of the locality and having due regard to policies CS16, and DM8 of the Havant Borough Local Plan (Core Strategy) 2011 and National Planning Policy Framework.

6. No development hereby permitted shall commence until plans and particulars specifying the alignment, type, height and, where appropriate, construction materials and design of all proposed screen walls, fences, hedges and other means of enclosure for that phase have been first submitted to and approved in writing by the Local Planning

Authority. No dwelling shall be occupied until completion of the installation of all its screening provision as is thus approved by the Local Planning Authority. At all times thereafter, all of that screening provision shall be retained in a wholly sound and effective condition.

Reason: To safeguard the amenities of the locality and occupiers of neighbouring property and having due regard to policy CS16 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.

7. No dwelling shall be occupied until plans and particulars specifying the provision to be made for external lighting of the same and the type of street lighting including calculations, contour illumination plans and means to reduce light pollution for that phase has been submitted to and approved in writing by the Local Planning Authority. There shall be no external lighting on the site other than as thereby approved. The approved details should be adhered to at all times.

Reason: To safeguard the amenities of the locality and having due regard to policy CS16 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.

8. No development hereby permitted shall commence until plans and particulars specifying the layout, depth and capacity of all foul and surface water drains and sewerage disposal including proposed to serve the same, the treatment of existing water courses and ditches and details of any other proposed ancillary drainage works/plant (e.g. pumping stations) for that phase have first been submitted to and approved in writing by the Local Planning Authority. No dwelling or building shall be occupied until completion of the implementation of its drainage provision in full accordance with such plans and particulars as are thus approved by the Authority.

Reason: To safeguard the amenities of the locality and ensure that all such drainage provision is constructed to an appropriate standard and quality and having due regard to policies and proposals CS16 and DM10 of the Havant Borough Local Plan (Core Strategy) 2011, and the National Planning Policy Framework.

9. No development shall take place until plans and particulars specifying the following matters have been submitted to and approved in writing by the Local Planning Authority:

(i) The provision to be made within the site for contractors' vehicle parking during site clearance and construction of the development;

(ii) The provision to be made within the site for a material storage compound during site clearance and construction of the development.

Thereafter, throughout such site clearance and implementation of the development, the approved parking provision and storage compound shall be kept available and used only as such.

Reason: To safeguard the amenities of the locality and/or in the interests of traffic safety and having due regard to policies CS16 and DM10 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.

10. Any single garage/car port shall measure a minimum of 6m by 3m and be constructed as such and made available for the parking of motor vehicles at all times.

Reason: To ensure compatible use of the garage with the interests of local amenity. To ensure adequate on-site car parking provision for the approved dwellings and to discourage parking on the adjoining highway in the interests

of local amenity and having due regard to policy DM13 of the Havant Borough Local Plan (Core Strategy) and the National Planning Policy Framework.

11. The garages hereby permitted shall be retained and kept available for the parking of cars at all times and shall not be converted to living accommodation without the prior written approval of the Local Planning Authority.

Reason: To ensure the retention of adequate on-site car parking and to discourage parking on the adjoining highway in the interests of highway safety and local amenity and having due regard to policy DM13 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.

12. Prior to the commencement of any above ground construction, details and specifications of external meter boxes on listed buildings shall be submitted to and approved in writing by the Local Planning Authority. The works shall be implemented in accordance with the approved details.

Reason: To ensure that the listed building's special interest is not damaged and having due regard to policies CS11 of the Havant Borough Local Plan (Core Strategy) 2011, DM20 of the Havant Borough Local Plan (Allocations) 2014 and the National Planning Policy Framework.

13. Development shall proceed in strict accordance with the ecological mitigation, compensation and enhancement measures detailed within the Ecological Assessment (ECOSA, March 2018) unless otherwise agreed in writing by the Local Planning Authority. All ecological mitigation, compensation and enhancement features shall be permanently retained and maintained as befits their purpose.

Reason: To protect biodiversity in accordance with the Conservation Regulations 2017, Wildlife & Countryside Act 1981, the NERC Act (2006), Policy CS11 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.

14. Prior to the commencement of any specific phase of development approved by this planning permission (or such other date or stage in development as may be agreed in writing with the Local Planning Authority), and notwithstanding any assessment provided with the planning application, an assessment of the nature and extent of contamination at the site, whether originating from within or outside the curtilage, shall be submitted to and approved in writing by the Local Planning Authority. The assessment shall be undertaken by competent persons, and the findings presented as a written report.

The assessment may comprise separate reports as appropriate, but unless specifically excluded in writing by the Local Planning Authority, shall include;

- 1) A site walk-over survey &/or sufficient desk-based research to identify;
 - All relevant previous uses of the site
 - Potentially significant contaminants associated with those uses
 - Uncertainties relating to previous use or associated potential contaminants
 - A conceptual site model identifying all relevant sources, exposure pathways
 - and receptors, and;
 - A summary of potentially unacceptable risks arising from contamination at the

site.

2) Site investigation based on (1), to provide sufficient data and information to adequately identify & characterise any physical contamination on or affecting the site, and to inform an appropriate assessment of the risks to all receptors that may be affected, including those off site.

3) The results of an appropriate risk assessment based upon (1) & (2), and where unacceptable risks are identified, a Remediation Strategy that includes;

- appropriately considered remedial objectives,
- an appraisal of remedial &/or risk mitigation options, having due regard to
- sustainability, and;
- clearly defined proposals for mitigation of the identified risks.

4) A verification plan providing details of the data that will be collected in order to demonstrate that the works set out in the Remediation Strategy (3) are complete, identifying any requirements for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action.

All elements shall be adhered to unless agreed in writing by the Local Planning Authority

Reason: Having due regard to policies DM10 of the Havant Borough Local Plan (Core Strategy) 2011 and DM17 of the Havant Borough Local Plan (Allocations) 2014, Contamination may be present at the site as a result of both previous & current land uses (&/or activities) that could pose a risk to future site occupiers.

15. Prior to the occupation of any relevant part of the permitted development, any verification report required in accordance with condition 14 above shall be submitted to and approved in writing by the Local Planning Authority.

The report shall include results of sampling and monitoring carried out in accordance with the approved verification plan, and must demonstrate that site remediation criteria have been met. Where longer-term monitoring of pollutant linkages is identified as being necessary, the report shall clearly set out plans for monitoring, provision for maintenance, relevant triggers and contingency actions (a “long-term monitoring and maintenance plan”).

The long-term monitoring and maintenance plan shall be implemented as approved.

Reason: Having due regard to policies DM10 of the Havant Borough Local Plan (Core Strategy) 2011 and DM17 of the Havant Borough Local Plan (Allocations) 2014, Contamination may be present at the site as a result of both previous & current land uses (&/or activities) that could pose a risk to future site occupiers.

16. Prior to the commencement of construction of any part of the development approved by this Planning Permission, a desk based study to assess the likelihood of the presence of historic unexploded ordnance (UXO) or bombs (UXB) shall be submitted to and approved in writing by the Local Planning Authority. Where non-trivial potential for the presence of UXO/UXB has been identified at the site, the study shall include details of a protocol for the identification and assessment of possible ordnance that may be disturbed during construction (a ‘watching brief’).

If, during development, any suspected historic ordnance (UXO/UXB) is found to be present, no further development shall be undertaken until the object has been assessed by an appropriately qualified person, appropriate actions taken to remove or make safe the object, have been undertaken, and the Local Planning Authority notified. The provisions of the approved 'watching brief' shall be observed throughout the undertaking of all relevant construction activities (i.e. below ground works – excavations for foundations, buried services & SUDS)”

Reason: The site is adjacent to former military fortifications, potentially indicative of active use of the extant residence &/or estate during the 2nd World War, e.g. for training and staging purposes, by regular forces or home guard activities. The presence of unexploded ordnance is not considered implausible. To manage the potential associated risk to both groundwork personnel & future residents, and having due regard to policies DM10 of the Havant Borough Local Plan (Core Strategy) 2011 and DM17 of the Havant Borough Local Plan (Allocations) 2014.

17. Notwithstanding any landscape strategy submitted, no development hereby permitted shall be commenced until a detailed soft landscaping scheme for all open parts of the site not proposed to be hardsurfaced has been submitted to and approved in writing by the Local Planning Authority. Such scheme shall specify the proposed finished ground levels in relation to the existing levels, the distribution and species of ground cover to be planted, the positions, species and planting sizes of the trees and shrubs to be planted and/or retained, and timing provisions for completion of the implementation of all such landscaping works.

The implementation of all such approved landscaping shall be completed in full accordance with such approved timing provisions. Any tree or shrub planted or retained as part of such approved landscaping scheme which dies or is otherwise removed within the first 5 years shall be replaced with another of the same species and size in the same position during the first available planting season.

Reason: To ensure the appearance of the development is satisfactory and having due regard to policies CS11, DM8 and DM9 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.

18. Development hereby permitted shall be carried out in accordance with the approved plans:
