

Appendix B

List of Consent Streets

Definition of Consent Street: "...the effect of which is to prohibit the selling or exposing or offering for sale of any article in a street without consent of the said council."

To trade on streets listed below, street trading consent must be obtained from the Council. Applications should be made to the Licensing Team, complete with the fee and any other required information as per the Council's Street Trading Policy.

All other streets within the Borough can be used for the purpose of trading without the need for consent from the Council, providing that no obstruction is caused and trading does not take place where vehicular waiting is prohibited by a Traffic Regulation Order (e.g. double yellow lines, etc). Trading on privately-owned land requires the landowner's consent.
