Isla Bay licensing application

I [REDACTED] of [REDACTED], returned to attend 6th March meeting unfortunately am away next week so cannot attend the new date.

As a resident I believe the licensing authority will grant this licence but would like to make representation as I cannot attend 1. I feel as per Isla bays response to my initial objection that they wish to serve alcohol as they are a bistro restaurant the following should be taken into consideration serving alcohol at 10am during breakfast is not in my opinion an appropriate situation for children to be party to whilst eating breakfast adults consuming alcohol at 10am. Licensed until 11pm means people will be outside the premises smoking and drinking and by the time of drinking up and leaving will be midnight this will cause a noise and pollution via smoking outside to those of us who live above these premises., especially in the summer these properties are not well insulated you can hear everything in the flats above.

If as stated they wish to serve alcohol as a bistro/restaurant if they are licensed it would not be an unreasonable requirement for an alcohol license to be granted only if food is being consumed drink may be purchased.

If this was not acceptable to Isla bay then surely they would need to apply for change of use to Siri generus as they would want to also be a bar.

Their license from 10am -11pm in my opinion as a resident is too liberal and will have an impact on those who live above.
