CAUTION: This email came from outside of the council - only open links and attachments that you're expecting.

Unfortunately I cannot attend next weeks meeting I managed to change my schedule to be able to attend the original date set but not now it has been changed, on that note I would like these valid points raised Residents have objected to the license especially the operating hours, there is no valid reason to sell alcohol in a family cafe at 10am this is not in the interests of children viewing adults drinking alcohol at this time with breakfast.

Licensing until 11pm is also going to affect residents especially in the summer months with people outside the premises drinking and smoking also the extraction units will be running and you can hear them this has an effect on residents lives, the premises have been closed by 5pm for the past 20 years.

Also if alcohol is being served without the need to consume food then surely the premises then change from cafe to also accommodate being a bar which would need change of use to Suri genius.

I fully understand they wish to enhance their business but they bought a cafe which is what the premises have traded as for over 20 years and they now want to open very late serving alcohol which will have an adverse effect on the people who live above them [REDACTED]
