We used to park our camper on west beach overnight for £15. I used to love sitting with my hubby night fishing till the tide turned. Beautiful quiet nights, others with campers would wander over for a friendly chat over a cup of tea. Then a couple of hours sleep before heading to the cafe for breakfast before leaving for home. Such wonderful memories.

I have been a visitor for many years and stopped overnight on a few occasions, just staying for a night not setting up as a camp which sadly some did. It WAS an overnight facility NOT a campsite and sadly some abused this and ruined it for the majority of caring and responsible people. How short sighted you have been HBC in destroying something that was once a hive of activity and had such a lovely feel. For me for less parking cost I drive to wittering yes I know I can't park overnight but the beach is clean and it's managed well. Shame on you HBC Overnight parking for camper vans.
