

Following the decision made by Cabinet on November 18<sup>th</sup>, the following Councillors are concerned that the disposal of a significant asset such as Brockhampton West without full scrutiny is not reasonable and shows lack of transparency. The Councillors feel that not enough research has been done into how this site could be of more benefit to the Council in generating future income streams, and are concerned at the selling off of Council assets. They require to know the reason for the sale and what the capital gain will be used for. They require to be informed of what possible purposes the land could otherwise be used for if planning consent was achieved. Until these matters are further investigated in Scrutiny the Councillors are Calling In this matter for full scrutiny.
