Caravan Site Licensing: Fit and Proper Person Fee Procedure

Contents

- 1 Introduction
- 2 Fees for Fit and Proper Persons Register Applications
- 3 Such other matters as the local authority considers to be relevant

Introduction

1. A relevant protected site is a site, which requires a licence, which is not solely for holiday purposes or is otherwise not capable of being used all year round. A relevant protected cannot operate unless the local authority is satisfied that the manager qualifies as a fit and proper person, Sections 12A -12E of the Caravan Sites and Control of Development Act 1960, as implemented by Section 8 Mobile Homes Act 2013 (subject to paragraph 10 below).
2. A site owner under the Mobile Homes (Requirement for Manager of Site to be Fit and Proper Person) (England) Regulations 2020 (SI 2020/1034) (“the Regulations”) must apply to their local authority for the relevant person (themselves or their appointed manager) to be added to the register of fit and proper persons managing sites in their area (“the register”).
3. The site owner may only apply to be added to the register if they hold, or have applied for, a site licence for the site. This provision also applies where the site owner or site manager is a registered company.
4. The Regulations permit the local authority to determine the fee for an application or registration for someone to be added to the register. It is imperative that the fee is included with the application and failing to include this may mean that the site owner is in breach of the requirements of the Regulations.
5. Existing Site owners will be required to submit a completed application between 1 July and 1st October 2021 (3 months) and pay the fee, outlined below, to the council, which will also include any additional fees. New site owners must submit a completed application within 3 months of the date that they became responsible for the site.

Fees for Fit and Proper Persons Register Applications

Initial application fee

6. The local authority believes that fit and proper person assessment and/or checks to be included on the fit and proper register will take on average, a total of 540 minutes per application. This time of 540 minutes includes updating and publishing the register.
7. The local authority will take into account the following matters on which costs are incurred, or likely to be incurred (by various departments, including costs incurred by outsourcing contracts), when determining its fees for consideration of applications for entry on a fit and proper person register:

- (a) Initial enquiries;
 - (b) letter writing/ telephone calls etc to make appointments and requesting any documents or other information from the site owner or from any third party in connection with the fit and proper process;
 - (c) sending out forms;
 - (d) complete application form received and scanned
 - (e) updating files/ computer systems and websites;
 - (f) processing the application fee;
 - (g) land registry searches;
 - (h) Processing the application and reviewing necessary documents and certificates
 - (i) DBS check
 - (j) Determination F & P
 - (k) preparing preliminary and final decision notices;
 - (l) set conditions
 - (m) review by manager or lawyers; review any representations made by applicants or responses from third parties;
 - (n) updating the public register;
 - (o) carrying out any risk assessment process considered necessary and
 - (p) reviews of decisions or in defending appeals.
8. It is important that charges must be limited to recovering the costs of exercising the fit and proper person test function only and not other costs that have already been charged for by other service areas.
9. The fee is set at £246 for the fit and proper person application. Please see the table in Appendix 2: Fee Calculation, which outlines the above and provides transparent justification for the fee to be imposed upon receipt of the initial application. The purpose of this table is to demonstrate that the fees imposed are fair and transparent providing justification as to why a site is required to pay the fee.

Additional considerations for an application fee:

10. The local authority will be required to conduct relevant background checks regarding the applicant's background in management and their financial standing. The results of these checks will allow the local authority to decide on whether or not to accept the application. The time taken for these checks should be accounted for in the fee, irrespective whether or not the entry on the register is granted.
11. Where an applicant contacts the local authority before making an application, to ascertain the likelihood of the success of that application, the authority is expected to provide informal advice, for example, the conditions surrounding an application, for example the information required to be submitted and general guidance on making the application. There is further guidance relating to this in the fit and proper person determination policy.
12. Any preliminary advice the local authority provides, prior to receiving an application, must be accounted for in the fee and cannot be charged separately.

Such other matters as the local authority considers to be relevant

Where no fee is applied

13. In certain circumstances, the local authority may determine that no fee is required to be paid. A site is exempted from a fee only if it is occupied by members of the same family and is not being run as a commercial residential site.

An appointed manager fee

14. This is where the local authority is provided with the site owner's consent to appoint an individual to manage a site. The costs associated with this should be reasonable and are recoverable from the site owner.

Revising Fees

15. The local authority may revise its fees procedure and will be required to publish the revised version. Any changes will need to be justifiable and reasonable, ensuring full transparency for the site owner.
16. The items that can be included in calculating the application fee are set out in Appendix 2: Fee Calculation.
17. The purpose of publishing the fee procedure is to show that the fees imposed by the local authority are fair and transparent so that anyone required to pay a fee can understand the charges.

Amending conditions attached to an entry on a register

18. A local authority may alter the conditions attached to an entry on a register (by adding new conditions or changing or deleting existing ones), following a review. The local authority must notify the site owner of its interim decision (except in the case where it is deleting a condition) and consider any representations made by the site owner, before reaching a final decision. If the site owner is unhappy with the decision to alter, or not alter, the conditions, they will have a right of appeal to the First-tier Tribunal (Property Chamber).

Site visits – Officer and travel time

19. Officer time can be considered as part of the fee, where site visits are required to ascertain whether or not site condition(s) are met. Travel time to and from the site, including fuel costs, can also be taken into account and could be calculated using a single value for travel costs which could be applied to all sites.

Payment of fees

20. As outlined above in paragraph 4, a local authority is not required to consider an application for entry on the register unless that application is accompanied by the correct fee. If the correct fee is not paid, the application will not be valid and the site owner could be in breach of the Regulations.

21. If a local authority decides not to approve an application the applicant is not entitled to a refund of the fee paid.
