Dear Sarah

4 May 2023

Premises Licence for Hayling College

We live along the boundary of the Hayling College and have done for many years. I object to the application of a premises licence for this college. We already suffer from noise pollution from Hayling College most weekends.

If this licence is granted to Hayling College I feel it could cause a public nuisance over the weekends to the nearby residents by causing noise and rowdiness around the grounds of the college. One of your 4 licensing objectives is prevention of public nuisance for your Council Tax Payers.

We also do not think an alcohol licence is a beneficial thing to have at a College. Another of your 4 licensing objectives is the protection of children from harm. Schools and colleges should be the one place where alcohol is not easily obtained.

Yours faithfully,

Mr & Mrs S. WISE
