

## **Motion to Full Council – June 2023**

We ask the Council to investigate the installation of electronic signage on Beachlands, Hayling Island, in order to give beach-goers timely and accurate sewage pollution warnings. This can be achieved by connecting to Southern Water's Beachbouy software via the internet in order to access the most current data.

Before implementing this proposal, funding would need to be agreed and secured for this initiative through either

- Agreement of the Cabinet to invest in the initiative with the expectation that income from advertising revenue would cover costs.
- Contribution to costs from Southern Water
- Or alternative funding could be secured through crowdfunding.

**Proposer:** Councillor Phil Munday

**Seconded:** Councillor Paul Gray

**Dated:** 12 June 2023
